

APPLICATION TO INCREASE GENERATION AT EXISTING INTERCONNECTION

This is an application to increase the generating capacity at an existing interconnection of a qualifying net-metered facility or small power producer, as described in the Oklahoma Administrative Code ("OAC") 165:40 with distribution facilities owned by Northeast Oklahoma Electric Cooperative, Inc. ("Cooperative"). Within this application, the applicant shall be referred to as "Producer."

Producer shall complete this application in its entirety and deliver it to Cooperative no less than thirty (30) days prior to interconnection to allow Cooperative time to determine if modifications to Cooperative's system are needed to accept delivery of electric energy.

If this application is accepted and approved by Cooperative, it will become part of the existing Agreement between the Parties.

Section 1. Producer's Information

Name: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Facility Location: _____

City: _____ State: _____ Zip Code: _____

Daytime Phone: _____ Evening Phone: _____

Producer's Account Number (from electric bill): _____

Section 2. New Generation Information

System Type (circle one): Solar Wind Hydro Geothermal Biomass Fuel Cell Micro turbine

New Generator Rating (kW): _____ AC or DC (select one)

Describe Location of Accessible and Lockable Disconnect: _____

Inverter Manufacturer: _____ Inverter Model: _____

Inverter Location: _____ Inverter Power Rating: _____

Total Generating Capacity: _____

→ Attach detailed specifications for all of the net metering facility equipment. ←

Section 3. Installation Information

Installed by: _____

Qualifications/Credentials: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Daytime Phone: _____ Installation Date: _____

→ Attach a detailed electrical diagram of the net metering facility. ←

Section 4. Certifications

1. The system has been installed in compliance with the local Building/Electrical Code of _____ (City/County).

Signed (Inspector): _____ License #: _____ Date: _____

(In lieu of signature of inspector, a copy of the final inspection certificate may be attached.
Please note in the signature line if it is attached.)

Printed Name of Producer: _____

2. The system has been installed to my satisfaction and I have been given system warranty information and an operation manual, and have been instructed in the operation of the system. I understand I may not interconnect additional generation unless and until it is accepted and approved by Cooperative. Interconnection prior to approval may result in me being liable for damages as a result.

Signed (Producer): _____ Date: _____

3. I certify that the system and all relevant apparatus utilized in the system to be connected with the cooperative's distribution system point of delivery is compliant with the Institute of Electrical and Electronics Engineers (IEEE) 1547 Standard for Interconnecting Distributed Resources with Electric Power Systems and the Underwriters Laboratory ("UL") 1741, 2nd Revision or latest standards. I am attaching the appropriate certification.

Signed (Producer): _____ Date: _____
