THE UNDERSIGNED, (hereinafter called "Applicant") hereby applies for membership in and agrees to purchase electric energy from the Northeast Oklahoma Electric Cooperative, Inc. (hereinafter called the Cooperative) upon the following terms and conditions:

1. The Applicant will, when electric energy becomes available, purchase from the Cooperative or generate on site, all electric energy used on the premises described above and will pay monthly, therefore, at rates to be determined from time to time by the Cooperative and approved by the Oklahoma Corporation Commission or other regulatory authority having jurisdiction over electric rates.
2. Applicant agrees to comply with and be bound by the provisions of the Certificate of Incorporation and Bylaws of the Cooperative, as the same now exist, or as hereinafter amended, together with such rates and regulations as may from time to time be adopted by the Cooperative and those rules and regulations adopted by the Oklahoma Corporation Commission or other regulatory authority having jurisdiction over electric utilities, including but not limited to the Cooperative's Terms and Conditions of Service.
3. It is further agreed that Applicant will not permit anyone at any time to disconnect, cut loose or interfere with any of the Cooperative's lines, equipment, or services, since the same are the property of the Cooperative and are not to be interfered with by anyone except agents, employees, or independent contractors of the Cooperative.
4. Applicant shall make available to the Cooperative a suitable site, as determined by the Cooperative upon which to place Cooperative facilities for the furnishing and metering of electrical service and shall permit authorized employees, agents and independent contractors to have access thereto safely and without interference from any hostile source, for purposes of connection, inspection, maintenance, replacement, relocation, repair, disconnection or reconnection, meter reading and bill collecting.
5. Applicant further agrees that failure or refusal on the part of the Applicant to provide reasonable access for the above purposes shall be deemed to be sufficient cause for discontinuance of service on the part of the Cooperative.
6. Applicant further understands that in order to provide safe and reliable electric service to Applicant and other members, the Cooperative must periodically cut, trim and chemically treat trees and shrubbery that may interfere with or threaten to endanger the Cooperative's lines or equipment and that by Applicant's signature hereto, permission is specifically granted to the Cooperative to conduct such necessary periodic operations on the Applicant's premises and abutting streets, roads or highways.
7. Applicant further agrees, upon request by the Cooperative to execute and deliver to the Cooperative such grants or conveyances of easements and rights-of-way over, across on and/or such lands owned or leased by or mortgaged to the Applicant in accordance with such reasonable terms and conditions as the Cooperative shall require for the furnishing of electric service to the Applicant or other members of the Cooperative, or for the construction, operation, maintenance or relocation of the Cooperative's electric facilities.
8. Applicant hereby agrees that \$3.84 of the amount paid for electricity each year is for a subscription in Oklahoma Living magazine, a monthly publication for the members of the Oklahoma Rural Electric Cooperatives. This charge is to apply to the Membership Account only.
9. Applicant further agrees that in the event of a breach hereof by Applicant, or failure on the part of the Applicant to strictly comply with the terms hereof, the Cooperative shall be entitled, in addition to any and all other legal remedies, to seek specific performance by Applicant of the terms and provisions hereof.
10. Applicant agrees to be contacted or notified by the Cooperative concerning billing or other necessary reasons by email, phone or text messages as provided by the applicant/member.
