

APPLICATION FOR STANDARD INTERCONNECTION AGREEMENT

This is an application to interconnect a qualifying net-metered facility or small power producer, as described in the Oklahoma Administrative Code (“OAC”) 165:40 with distribution facilities owned by Northeast Oklahoma Electric Cooperative, Inc. (“Cooperative”). Within this application, the applicant shall be referred to as “Producer.”

Producer shall complete this application in its entirety and deliver it, accompanied by a non-refundable \$100 application fee, to Cooperative.

If Producer and Cooperative enter a Standard Interconnection/Purchase Agreement for Optional Net Metering and Small Power Producing Facilities (“Agreement”), this Application, including all attachments, shall become attached as part of that Agreement. Completing and submitting this Application does not create an obligation on Producer or Cooperative to enter an Agreement.

The type of interconnection required of the Producer will depend on and must be compatible with the location, size, and type of load to be served, as well as the generating equipment and capacity. Interconnected facilities must have a maximum rated capacity of 300 kW or less. Producer must obtain from the Cooperative the phase and voltage of the interconnection that will be furnished before proceeding with the purchase of generators or other equipment. Also, the point of purchase on the premises must be determined before the Producer's wiring installation is made.

Section 1. Producer’s Information

Name: _____
Mailing Address: _____
City: _____ State: _____ Zip Code: _____
Facility Location: _____
City: _____ State: _____ Zip Code: _____
Daytime Phone: _____ Evening Phone: _____
Producer’s Account Number (from electric bill): _____ Service Map Location: _____

Section 2. Generation Facility Information

System Type (circle one): Solar Wind Hydro Geothermal Biomass Fuel Cell Micro turbine
AC Generator Rating (kW): _____
Describe Location of Accessible and Lockable Disconnect: _____

→ Attach detailed specifications for all of the net metering facility equipment. ←

Section 3. Installation Information

Installed by: _____
Qualifications/Credentials: _____
Mailing Address: _____ Email: _____
City: _____ State: _____ Zip Code: _____
Daytime Phone: _____ Installation Date: _____

→ Attach a detailed electrical diagram of the net metering facility. ←

Send completed application and \$100 non-refundable application fee to:
